

INSTRUCTIONS FOR EBOOK PURCHASES

Kelly High School has now started using Chromebook and Ebooks. Attached are instructions on how to purchase books from our online bookstore. If you prefer to obtain the ebook or book through another source you may call me for the ISBN number.

Go to Kelly's website – www.mkchs.com

- 1) Click on Community in upper right corner
- 2) Click on Current Students and find the **ECAMPUS** icon and click SHOP NOW
- 3) Click on 2020-2021 School Year
- 4) Classes will be listed alphabetically - Press name of the class you will be taking according to your schedule
- 5) Your classes will be highlighted, once you have entered all classes press the continue button at the bottom

- 7) You will need to click Buy or Rent next to each book you would like to purchase. All ebooks that are **required** for a course are shown as "Required" with **red lettering**. Courses may also show an "**Optional Hard Copy**" option, in **black** letters, which are **only** if you would like to purchase a hard copy of the textbook. **Purchase of a hard copy book is your decision and not a requirement for the course.**

- 8) After you have selected all books you would like to buy, click "Continue" at the bottom of the page. Check cart and then select "Proceed to Checkout". You will need to use an email and password to checkout. It is best to use your student's school email so if there is a problem Ms. Peyton will be able to help resolve it. You will receive an email with a confirmation number once your order is processed. You will then receive an access code for the ebook purchased. Any workbooks purchased will be mailed to your home.

If you are unsure of anything please talk to Ms. Peyton BEFORE you purchase anything as all purchases are non-refundable.

For questions or help please contact Ms. Peyton at 409-866-2351.
